## Search Students

Student Id	<input type="text" value="S00004"/>
Courses	<input type="text"/>
First Name	<input type="text"/>
Last Name	<input type="text"/>
<input type="button" value="Search"/>	

### Search Results:

Edit Student	Student Id	First name	Last Name	Course
<a href="#">Edit</a>	S00004	Student_4	John	C0001

# Search Screen functionality

A ADMIN USER CAN SEARCH FOR A STUDENT EITHER WITH STUDENT ID ALONE OR CAN PROVIDE ALL OF THE FIELDS IN SEARCH SCREEN OR CAN JUST CLICK ON SEARCH WITHOUT SPECIFYING.

EITHER WAY OF SEARCH SHOULD DISPLAY SEARCH RESULTS IN THE SAME PAGE WITH STUDENT DETAILS, AS EXAMPLE SHOWN IN THE ABOVE TABLE.

AND THE DESIRED STUDENT CAN BE EDITED WITH THE HELP OF EDIT BUTTON.

ON CLICK OF RESPECTIVE EDIT BUTTON IT SHOULD NAVIGATE TO THE COMPLETE STUDENT PAGE, WHICH CAN BE EDITED THERE AND SAVE THE CHANGES THEREAFTER.

# Edit Student Details

**FirstName**

Student\_4

**LastName**

John

**Student Id**

S00004

**Address**

45532 Westmount circle, St louis 62017 USA

**Year**

**Courses**

**Grades**

Save

# Edit Student Functionality

If the user clicks on Edit button corresponding to Student Id in the search results, then the user is navigated to respective Edit student screen to edit student details and update.

Where Student Id field is not editable, but the remaining fields can be edited if needed, and updated to database, on click of Save button in Edit screen.

# Delete Student functionality

- ▶ If a student is completed his /her course and all the grades are been awarded, then the admin will disable the student by making his/her profile inactive in database.
- ▶ The inactive student will not be displayed in student list. However, if the student comes back in future to join different course then the student will be made active again.

# Logout

- ▶ Logout allows the user to end the session, and the page is redirected to login screen.
